

Genuine cutting and pierce capacity: 16mm Regular hand cutting capacity: 25mm Maximum severance cut capacity: 32mm

# THE TOTAL PORTABLE PLASMA CUTTING PACKAGE

Cutmaster 50+ is the perfect combination of power and portability for hand-held plasma cutting machines. Plus means more, so we've added a user-friendly 4.3in. TFT LCD screen and we've also upgraded the power of the machine to provide more control and flexibility so you can master any genuine cutting with ease to 16mm, regular hand cutting to 25mm and occasional severance cutting to 32mm. Together with the SL60 1Torch, it all adds up to the total plasma cutting package.

#### **FEATURES**

- Portable and durable with three handles and lightweight industrial all-weather housing
- Bright 4.3in. TFT LCD display with glove-friendly adjustment knob simplifies use and provides greater control and flexibility
- Input 400/415V 3-phase power
- Comes with industrial SL60 1Torch featuring 2T/4T function, safety trigger lock, and double-tap trigger to conserve bottled air
- Switch between normal and mesh cutting modes
- Post-cut air purge to expand consumable life
- Duty cycle: 60% @ 50A; 100% @ 40A
- Cutmaster Black Series consumables included for up to 60% longer life
- Industry leading 3-year warranty on power supply and
- 1-year warranty on torch and leads
- CNC functionality with pre-installed 14 pin CPC receptacle and voltage divider which allows: **1**. Start/Stop **2**. OK to Move **3**. Divided arc voltage (ratio 20:1, 30:1, 40:1, 50:1, 80:1)

### SEMI-MECHANIZED SYSTEMS

For straight line cutting and gouging applications controlled with a simple start stop switch from ESAB provides everything you need to allow precision setup and control for many semi-automated applications. The Semi-Mechanised system is compatible with all Cutmaster plasmas that contain the convenient ATC torch style quick connection.
